Activity Based Costing / Activity Based Management

Mike Mann FFA;MBA;CMC;MIoD

Incorporated Financial Accountant | International Economic Development Consultant

September 2013

Presentation of ABM/ ABB at the ICCO Council

Cómo te va?

Bien, gracias

Ce mai faci?

Bine, mulțumesc

How are you doing?

Comment ca-va?

Très bien, merci

Как у тебя дела?

Хорошо, спасибо

Come stai?

Bene, grazie

Habari za kufanya?

Faini, Asante

Presentation of ABM/ ABB at the ICCO Council

How are you doing?

What is your actual position and trend with regard to each of your Key Indicators?

Presentation of ABM/ ABB at the ICCO Council

What is your actual position and trend with regard to each of your Key Indicators?

“The Governance Question”

Position

Trend

● Good

● OK

● Bad

Getting Better

Stable

Getting Worse

How are you doing?

Position

Trend

Getting Better
Stable
Getting Worse

How you answer will tell me:

- Should I trust you?
- Should I like you?
- Should I work with you?
- Should I lend you money?
- Should I vote for you?
- Should I invest in you?

Presentation of ABM/ ABB at the ICCO Council

No satisfactory answer?

- Civil war in Egypt;
- Civil and maybe real war in Syria;
- Riots in Tahrir Square;
- Riots in Taksim Square;
- The Scottish National Referendum on separation from UK;
- The Basque Separatist Movement's desire to be independent from Spain;
- The UK referendum on Europe.

Presentation of ABM/ ABB at the ICCO Council

Today's goal

My speciality

To demonstrate how to give a satisfactory answer to the question – Every time

Presentation of ABM/ ABB at the ICCO Council

Improving the performance monitoring of SOEs and Parastatals in the Republic of Mauritius

Office of the Prime Minister

15 Ministries

45 Municipalities

150 State Owned Enterprises

Parastatal Entities

350 entities

How?

Situation Analysis

A great deal of time is spent debating the budget, and the performance

This is an indicator that an unsatisfactory answer is being given to the question. – Why?

Presentation of ABM/ ABB at the ICCO Council

INTERVENTION LOGIC		OBJECTIVELY VERIFIABLE INDICATORS	SOURCES OF VERIFICATION	CONDITIONS / ASSUMPTIONS
OBJECTIVE				
1	To create a comprehensive but practical reporting system which monitors the performance of SOEs and Parastatals	Full Dashboard Monitoring	On-Line	System can not be too cumbersome or SOEs won't use it
2	To create a system which is a useful tool for the managers of SOEs and Parastatals as well as for the OPSG	Enterprises and OPSG use the same system	On-Line	
PURPOSE				
1	To improve the performance of public sector organisations for an effective support to the country's economic and social development	Early warning system Transparent public sector reporting	On-line	
EXPECTED RESULTS				
1	Periodic Monitoring Visits in standardised format	Monitoring Reports on PIMS	PIMS Output	After PIMS Upgrade
2	Quick Scans in standardised format	Quick Scans on PIMS	PIMS Output	
3	SOEs are providing SBRs in standard format	SBR Indicators on PIMS		
4	Capability developed in financial modelling	Standard forecasts	Forecasts with SBRs	After PIMS Upgrade
5				
	PIMS Handles non-financial data	Non-financial data sheets	PIMS Output	
ACTIVITIES				
1	Introduction of Periodic Monitoring			
1	1	Development of Periodic Monitoring Template	Monitoring template available	The process of annual monitoring review is adopted by OPSG and
1	2	Pilot testing of monitoring template	3 enterprises monitored	
1	3	Development of Monitoring programme	Monitoring schedule	
			Published Programme
